

## Trainee Assessments Summary Submission: October 2021 to January 2022

From 1 October 2021 through to 6 February 2022, softcopies of training assessments are available for Clinical Radiology trainees to complete. Templates for each assessment is available on the College website: [Assessment | RANZCR](#). During this period trainees will not be able to complete Multi-Source Feedback assessment.

For trainee progress to be uploaded to their e-Portfolio record, trainees are required to collate all completed assessment during the October to January period and submit this Summary Submission document along with copies of each completed assessment.

Trainee Assessments Summaries are to be sent to the College via email to [CRtraining@ranzcr.edu.au](mailto:CRtraining@ranzcr.edu.au) between 21 January 2022 and 31 March 2022 as one complete submission.

---

In this summary form, trainees are able to provide a breakdown of all completed assessments from 1 October 2021 through to 6 February 2022.

These assessments include:

- Experiential Training Requirements
- Trainee Assessment of Training Site (TATS)
- Critically Appraised Topics (CATs)
- Mini-Individual Patient Exercise (Mini-IPX)
- Direct Observation of Procedural Skills (DOPS)

Project 1 and Project 2 assessments have a separate submission process, refer to instructions for further information.

Trainees are not required to submit Director of Training Assessments; these will be submitted to the College by Directors of Training.

From 21 January 2022, trainees will have access to the e-Portfolio System to complete future submissions. If you have any questions, please email the College [CRtraining@ranzcr.edu.au](mailto:CRtraining@ranzcr.edu.au)

## **EXPERIENTIAL TRAINING REQUIREMENTS**

### **General X-Ray**

Plain X-rays	No. Of Studies	DoT Initials
General X-ray		
Specific Topic Area: Paediatric X-ray		

### **Computed Tomography**

Computed Tomography	No. of Studies	DoT Initials
CT Studies		
Specific Topic Area: Paediatric CT		
CT Colonography (CTC)		
CT Coronary Angiography (CTCA)		

### **Nuclear Medicine**

Range Including	No. of Studies	DoT Initials
General Nuclear Medicine		
PET Nuclear Medicine		

### **Magnetic Resonance Imaging (MRI)**

MRI Scan Type	No. of Studies	Dot Initials
Broad range studies		
Specific Topic Area: Breast		
Specific Topic Area: Paediatrics		

### **Bone Mineral Density (BMD)**

BMD	No. of Studies	DoT Initials
Bone Mineral Density		

### **Specific Topic Areas: Breast**

Mammography	No. of Studies	DoT Initials
Diagnostic		
Screening		

Ultrasound	No. of Scans	Dot Initials
Ultrasounds Performed: Breast

## **WORK-BASED ASSESSMENTS**

The following are Work-Based Assessments (WBAs) in the 2022 Training Program. Any of these WBAs completed by a trainee during October 2021 to January 2022 can be credited towards the 2022 Training Program, this will require Director of Training sign off.

### **Fluoroscopy**

Fluoroscopic Procedures	No. of Procedures	Dot Initials
General Procedures		
Paediatric Procedures		

### **General Ultrasound Performed**

Ultrasounds Performed	No. of Scans	DoT Initials
General Ultrasounds		
Gynaecological and Obstetric Ultrasounds		
Paediatric Ultrasounds		
<b>OPTIONAL</b>		
Cranial Ultrasounds (Paediatric) <i>(included within the above Paediatric Ultrasounds number)</i>		

### **Procedural Radiology**

Procedural Radiology	No. of Procedures	Dot Initials
Total Procedures		
<b>OPTIONAL – Break down of total procedures</b>		
Injection		
Drainage		
Biopsy		
Vascular Access		
Specific Topic Area: Breast <i>(included within above break down total list number related to Breast)</i>		

### **Multi-Disciplinary Meeting Assessment**

Multi-Disciplinary Meetings (MDMs) are a new Work-Based Assessment in the 2022 Training Program. Any MDMs completed by a trainee during training can be credited towards the 2022 Training Program, this will require Director of Training sign off.

Meetings	No. of Meetings	DoT Initials
Clinical Radiology Meeting		
Multi-Disciplinary Meeting (MDM) with Pathologist present		

## **TRAINEE ASSESSMENT OF TRAINING SITE (TATS)**

Note: Directors of Training are not required to sign off on TATS Assessments.

TATS Assessment	No. of Assessments
<i>Insert site location:</i>	

# The Royal Australian and New Zealand College of Radiologists®

TATS Assessment cont.	No. of Assessments

## **CRITICALLY APPRAISED TOPICS (CATs)**

Worksheet Topic	No. of Assessments	Dot Initials
<i>CATs - Diagnosis, Treatment and Harm</i>		

## **MINI-INDIVIDUAL PATIENT EXERCISE (Mini-IPX)**

Activity being Assessed	No. of Activities	Dot Initials
<i>Modality system e.g., MRI, CT, Ultrasound</i>		

## **DIRECT OBSERVATION OF PROCEDURAL SKILLS (DOPS)**

DOPS Assessment requested	No. of Assessments	Dot Initials
<i>Clinical setting e.g., Breast Imaging, Paediatric Imaging, Fluoroscopy</i>
